

Sponsorship Opportunities

The Dipsea Hike is Zero Breast Cancer's major fundraising event of the year! We look forward to hosting Dipsea 2021 on **September 25**. The event will have a virtual component, and we are hopeful an in-person hike will also be possible where participants will enjoy the famous Mt. Tamalpais Dipsea trail.

Our goal is to raise \$100,000 to bring our vision of a world with zero breast cancer closer to reality. Together we can continue advancing health equity, reaching multiple generations in underserved communities.
